Bay-Delta Advisory Council

Subject: Future Delta Drinking Water Council Meetings

RESPONSE REQUESTED BY JULY 31, 2000

Over the next few months, the CALFED Bay-Delta Program will be officially transitioning from planning to implementation. As part of this transition, BDAC is finishing up its specific responsibilities as stated in the Charter. However, the Council will continue with its general responsibilities relative to the Ecosystem Roundtable, Delta Drinking Water Council, Watershed Work Group, Governance Work Group and Ecosystem Restoration Work Group.

At the May 17, 2000 Bay-Delta Advisory Council meeting, BDAC briefly discussed the purpose of BDAC subcommittee and work group meetings to help determine the need for future BDAC meetings during this transition period. For the time between now and January 1, 2001, please indicate whether the Delta Drinking Water Council will be meeting as a matter of existing policy or whether it will be developing policies or other recommendations that will require action from the BDAC. If the Council expects to forward items for BDAC consideration, please estimate the time frame when for these actions will occur.

Please respond to Eugenia Laychak, BDAC Coordinator, at the CALFED offices by July 31, 2000. Your responses will help the CALFED Program schedule future meetings of the Bay-Delta Advisory Council, if needed. For questions or comments, please contact Eugenia at (916) 654-4214.
